GET TRENDY & SUPPORT!

With over 10,000 students enrolled in ORT schools here in the United States and 300,000 globally per year, ORT is the one organization which has bridged the gap between good intentions and great results. ORT is the largest Jewish education organization in the world with a track record of success of over 130 years strong. Our students may start with an obstacle but they graduate with an edge. Your donation will support students around the world, including those here in Michigan at the David B. Hermelin ORT Resource Center.

When you support ORT, you have changed the fate of one,
and depending on their achievement, the destiny of millions.
